

Channelling Aurelia 13th October 2011

By Sue Melchiah Parry

Greetings Beloved family. I Am Aurelia

Thank you for the connection you make with your family here each day.

We are watching your daily progress and are assisting you at all times as you connect with us. Be reassured that you will all be with us in our Beloved Home of Telos one day even though some of you are from other planets and have other paths to follow. You have all been here visiting or working with us over aeons of time.

I wish to thank Eloise, Daryl and Melchiah for coming to visit us. Although they physically didn't enter into Telos, they did spiritually. We were with you each day as you walked and travelled the sacred sites. Blessed are all those who connect with us for we love you all beloved sisters and brothers.

Remember to balance your spiritual studies, work and leisure time. Take time to be in Nature and connect with Mother Gaia. All is required to attain the balance and harmony within to fulfil your divine blueprint and ascend in this lifetime.

For now, I say farewell but be reassured we are connecting with you from our home here in Telos.

I Am Aurelia, your beloved sister and friend.
